Note to Teacher. Your comments will help to improve the program throughout the year. Please be candid in your responses.

In a few paragraphs, please evaluate the artist's residency in your classroom. Include comments concerning the student response, the value the experience for you and your students, the strengths and weaknesses of the residency, how you prepared students for the residency, your role during the visit, any follow up activities you may plan, and suggestions you have for improving the program. (Please attach student comments to this form and forward to your in-school coordinator.)

If this were the only Arts Commission Program in which your school ever participated would you recommend to school officials that other such activities should follow? Please explain briefly.
